## WELCOME TO THE FIRST EDITION OF OUR BROCHURE

---

We're excited to share with you some of the work we've been doing to position ourselves as a world-class injection moulding and assembly specialist.

With a global supply chain and diverse product range, we offer moulding and assembly for a variety of sectors, including sport, medical, electrical, industrial and FMCG. Of course, we still have our roots in the automotive industry and are proud to supply the major tier one automotive manufacturers.

On page 13 of this brochure, you can read about our recent investments in key technology, which help us to be even more efficient and competitive. And on page 15 you'll discover more about the power behind Cameron-Price, with some of our staff sharing their own views about the company and what manufacturing means to them.

So whether you are a long-established, new or prospective customer, I hope you enjoy finding out more about what we do and the drive we have to become the manufacturing and injection moulding company of choice for your next product.

Warm regards,  
Barry Moor (MD)

## SUPPORT FOR ALL SECTORS

---

With almost 60 years' injection moulding and product assembly experience, we can confidently and capably design, manufacture and assemble quality plastic products and parts, whatever your industry.

### Quality Products at Competitive Prices

We work with a wide range of industry sectors across the UK and Europe, delivering superior, cost-effective products in small or large quantities.

And as we are IATF 16949 and ISO 14001 accredited, you can be confident we care about the environment, customer satisfaction and maintaining our high standards.

# Confidence. Capability. Cameron-Price.

## WHERE WOULD WE BE WITHOUT THE WIDGET?

Our team developed the original widget for Carlsberg Tetley, giving beer drinkers draught in a can. We handled all stages of innovation, from design and prototype tooling through to mass scale production.

From cleaning and laundry to toiletries and stationery, we can manufacture your fast-moving product.

## AUTOMOTIVE

### DRIVE YOUR PRODUCTIVITY

---

We have a long history supporting the automotive industry; we are proud to supply many major tier one automotive manufacturers.

Looking for a capable, experienced company to manufacture your automotive parts and components? We can help steer your success.

## BREATHING NEW LIFE INTO PERFORMANCE TRAINING

Teaming up with the Sports Science and Medical Department at Birmingham University, we quickly took the PowerBreathe from concept to prototype, developing both tooling and supplementary components.

This product has brought breathing training to the mainstream of sport and fitness.

We can manufacture your fitness equipment parts and products for everything from treadmills and cross trainers to resistance bands and activity trackers.

## MEDICAL

# MANUFACTURING A HEALTHY WORLD

---

Tested to the World Health Organisation schedule, we designed and manufactured a low-cost nebuliser for use when power is interrupted or unavailable. The manually operated nebuliser pump delivers filtered air to drive a nebuliser and administers prescribed medication for inhalation.

Our nebuliser has been sold throughout the world, particularly in war-torn countries and following natural disasters.

From dental instruments to diagnostic apparatus, we can manufacture your medical parts and products.

## ELECTRICAL

### IN THE MIX WITH KENWOOD

Did you know we developed the first plastic food mixer blade with Kenwood?

Requiring specialist tooling development and high performance materials, we took this complicated 3D form from design concept through to full prototype.

Looking for a capable, experienced company to manufacture quality parts and components for your next electrical product? Contact Cameron-Price.

## INDUSTRIAL

### HELPING TO BUILD YOUR SUCCESS

From agricultural and construction to fisheries and forestry, we can manufacture your parts and products for personal protective equipment or tools and machinery.

## EMPLOYEES

### DID YOU KNOW...

Cameron-Price is proud to promote UK manufacturing around the globe. We serviced **15 countries** during 2017 and covered **3 continents**.

Nationally, women are massively under-represented in manufacturing and engineering roles. And on average, manufacturing companies in the UK consist of just 20% women. At Cameron-Price, we're proud to say that **over 57% of our staff are female**.

We always try to save energy and reduce the waste of production materials where possible. And are proud to be **ISO 14001 accredited** for our environmental management systems and practices.

“We always invest in modern machinery, the latest equipment and the development of our staff, to ensure you receive the best service and the best product.”

## RECENT INVESTMENTS IN KEY TECHNOLOGY

---

### **The Latest Injection Moulding Technology from Arburg**

We have a new suite of robotic offload injection machinery, allowing us to deliver first-class mouldings at constant tolerance control.

### **Real-Time Production Monitoring from Blackbird**

Real-time monitoring and remote access across all our production lines means we can ensure absolute consistency of all the parts and products we produce.

### **ERP System**

A full suite of Microsoft Dynamic NAV solutions provides complete consistency for your product. From order control and finance to real-time warehouse and dispatch control, products and parts are fully traceable through all stages of production.

From our beginnings back in 1960 as a precision plastic component and assembly manufacturer for the automotive industry, we have continually invested and grown.

We have expanded to regularly service several sectors, including sport, electrical, medical and FMCG — providing world-class assembly from concept to creation.

“I’ve been working at Cameron-Price for just over five years now and the team I work with here are great. There have been many positive changes to the company since I started, such as having new personnel, new plant and new machinery. I’m seeing the company grow all the time and am proud to be part of it.”

**Lee Haughey**

Technical Process Manager

# THE POWER BEHIND CAMERON-PRICE

From office and shop floor staff to sales and management, our power is our people. We are proud to boast a first-class team of 80 skilled and enthusiastic employees.

“I’ve worked at Cameron-Price for 20 years. I enjoy being in the busy environment and working as part of the growing team we have here. I’ve seen continuous improvements to the company over the years and am proud to be part of a global market.”

**Neil Jones**

Processing Technician

“I’m proud to be a woman working in the manufacturing industry. I think it’s important to encourage women into manufacturing roles, because it gives women the opportunity to learn new skills that would traditionally be associated with men.”

**Stefania Buzeka**

Production Associate

“I’ve worked in injection moulding since I was 16 and studied polymer science at college. I enjoy the variety of tasks I have to do each day here and think it’s great that we continually invest in the latest equipment and machinery.”

**Ray Faultless**

Senior Process Engineer

# FROM CONCEPT TO CREATION

Need help manufacturing a great idea?

From product design and tooling to manufacture and packaging, we will work with you to bring your idea to life.

## PRODUCT DESIGN

Our experienced designers can help you with this vital stage in your product's production.

Your brilliant design needs the best moulds.

Our tooling team will make the finest moulds and tools to fit your design and product perfectly.

## TOOLING

## MANUFACTURE

## MOULDING

As injection moulding specialists, you can rely on us to guide you through the process and to manufacture your product to the highest standards.

## QUALITY CONTROL

## COMMERCIAL/FINANCIAL

## LOGISTICS

Once made, we can assemble and package your product for you. Saving you time and saving you money. And as we are polymer welding specialists, we can add any additional components to complete your product — offering you a full turnkey service.

- ✓ 24 Hour Delivery
- ✓ Precision Moulding
- ✓ Product Assembly
- ✓ Testing & Traceability
- ✓ Quality & Measurement
- ✓ Welding Specialist

## FUTURE PLANS

---

We're proud to promote UK manufacturing and are always looking to work with new companies in the UK and abroad.

Whether automotive, medical, FMCG, electrical or sport, we support all sectors and would be happy to hear from you.

Recent years have seen us invest over £1 million in the latest machinery, equipment and staff development. And we are not stopping there. Our clear, ambitious plans to grow further through diversification and acquisition mean we will be able to offer you more.

More services. More support. More success.

# We've got big plans — why not be part of it?

“I love working with the team here. My job gives me the opportunity to learn new things all the time and to do something different each day. I’ve been at Cameron-Price for just over a year and have learnt about working as part of a close team and have acquired many new skills.”

**Georgiana Radu**
